

Grow with guaranteed
cash flow

Tradewind
Intelligent Trade Finance

Cross-border trade finance solutions to create liquidity and facilitate international growth

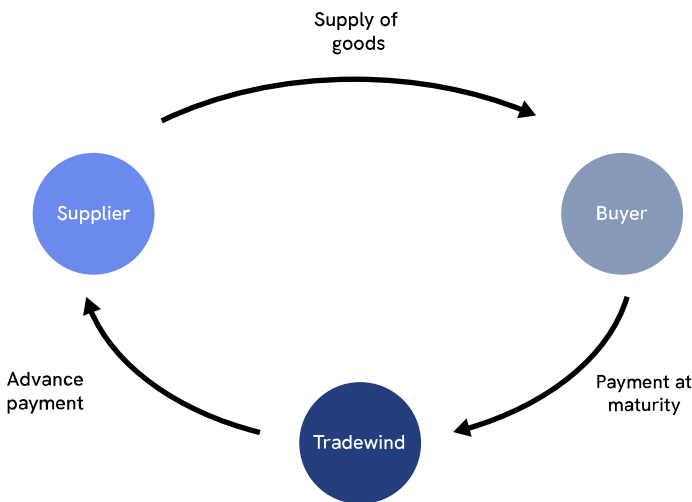

With a successful track-record of 23 years in the industry, we are dedicated to sharing our experience and expertise to support your business with the cash flow it needs for growth and other goals. Our German origin and values are reflected in our “can do” ethos. We deliver the same high level of service around the world in terms of personal support and commitment.

As we deeply understand the complexity of your business, we can serve you with confidence, while focusing on establishing a long-term relationship with you for your future financial needs.

What services do we provide?

Export Factoring

By monetizing your international accounts receivable, you can count on immediate access to capital to grow your business.

Centralized Payment Processing

Paperwork is simplified as payment is made to one entity while dealing with multiple suppliers.

Funding to foreign suppliers

We provide funding to foreign suppliers based on your creditworthiness and financial strength.

Flexible settlement

Your suppliers receive early payment at a lower cost as you can leverage your off-balance sheet credit.

Broader range of suppliers

You can work with smaller suppliers and contract directly with them; your available range of suppliers is broader.

No late payments

You get paid within 24-48 hours of invoice submission.

Dynamic financing

Our services are not loans so, for many companies, our financing doesn't show up on their balance sheet as debt.

Fast and easy set-up

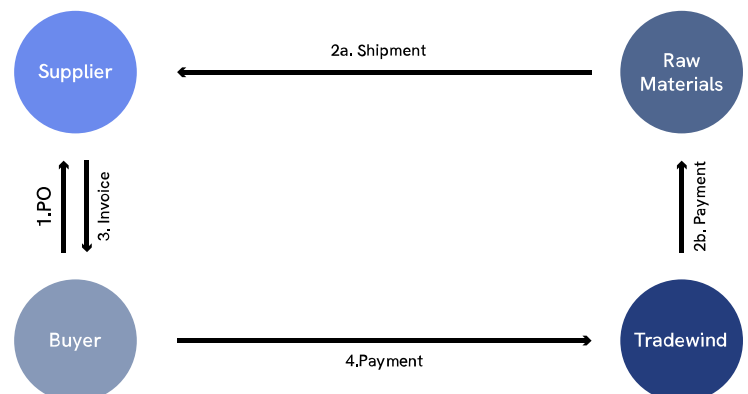

Our local experts comply with the regulations of each country we operate in and offer appropriate services such as currency regulation control.

Assisted financing

You have a streamlined workflow as we perform collections, dunning and bookkeeping on your behalf.

Supply Chain Finance

Our supply chain finance programs help align the needs of both buyers and suppliers and minimize risk across the supply chain.

*All offers are subject to credit and compliance approvals.
